CineBOT---powered-by-IBM-Watson-Assistant-20BCE0079-

CineBOT is a basic AI powered chatbot whose purpose is to be able to book movie tickets in a simple and elegant manner. This chatbot is developed using IBM Watson Assistant, with several intents, entities, dialogue nodes and action sequences. This ChatBOT does not provide any real time information, and does not access nor store any actual data. This chatbot is used to demonstrate the basic functionalities of booking a movie ticket.
